EXPERIENCE

2014 - Present
Freelance
Web Developer/Designer
Working in harmony with clients, using Agile methods, to transform their visions into beautiful, responsively designed websites. Providing continuous communication and customer service from start to completion. Designing and implementing unique brand aesthetics into websites, print, and social media. Training clients on best practices and implementation of keywords and content for SEO. Building mock-ups for customer approval while in early stages of development.

2009 - Present
Well Done Cooking Classes
Co-Owner & Entrepreneur
Continually redesigning the front-end and updating the Drupal CMS of the website. Integrating Authorize.net APIs for a custom e-commerce system and routinely meeting PCI compliance standards. Maintaining an effective SEO strategy through market research and Google Analytics. Researching trends to enhance UX. Effectively solving problems in a fast-paced, high-stress environment, the kitchen.
